STALAG LUFT III

cordially invites you to visit

Always Open - Year Round

This camp, ideally located in the heart of greater Germany, offers a program of rest, sports and study for the tired bomber crews and weary fighter pilots.

The North, West, and East Camps have proved especially popular with our British Guests; while the winsome gay Americans prefer our Center, South, and West Camps.

As hosts we guarantee that you will not be bothered with visitors or unnecessary travel. We have only trained personnel on our staff whose sole purpose is to look after these bothersome details. Our accommodations are rustic and picturesque - some of our guests have been here for years.

Thanks For The Memory

Thanks for the memory
Of Klim cane on parade
Of tinbrets that were made
Of the lack of cokes
Of corny jokes
And tunes the band has played
How lovely it was
H

Thanks for the memory

Of a solitary cell
Of evenings at appel
Of washing clothes
And Kriege shows
And bunks as hard as —
Oh thank you so much
H

We kept mum at interrogation
While we smoked cigarettes with a passion
Protecting the rights of our nation
But we had enuf of Dulag Luft
H

So thanks for the memory

②

of a ring song theie tune
of General Elke in game
of fighting Yankes
And roaring tankes
I hope they get here soon
Oh thank you so much

We pull stumps till our backs are all breaking
and we yell what a beating we're taking
But when we think of the dough we are making
Then the pain subsides and our spirits rise

So thanks for the memory
of Stalag Number Three
The home of you and me
Where young souls burn
And King's yearn
To once again Be free
Oh thank you so much
