AGPC-E 350.05 (23 Jul 45)

17 August 1945

SUBJECT: Dissemination of Casualty Information

1. The Casualty Branch of The Adjutant General's Office is the sole agency authorized to initially communicate information concerning casualties occurring among members of the Army of the United States and persons accompanying such forces.

2. Occasions are known where persons have been reported to have been killed in action, or to have died of other causes, by individuals present at the time of the alleged death. These persons have later been found to be alive. For this and for other security reasons, it is absolutely necessary that all initial casualty reporting be done only through authorized channels.

3. Information concerning casualties communicated directly to relatives, next of kin and other parties by individuals who are not charged with this function has been the source of embarrassment to the War Department. It has resulted in a considerable volume of correspondence between the War Department and the persons who were furnished this unauthorized casualty information. Directives issued in all theaters specifically forbid communication of information concerning casualties through other than official channels. Censorship regulations also forbid inclusion of such information in communications from individuals overseas.

4. In order that the public may receive initial official casualty reports from the War Department only, it is mandatory that any individual who possesses information concerning other individuals believed to be casualties refrain from communicating this information to anyone other than The Adjutant General and the Casualty Branch of The Adjutant General's Office until 45 days after the date the casualty occurred.

5. This restriction is not applicable to official communications sent by commanding officers, chaplains or hospital personnel in accordance with Section I, paragraphs 6a(2) and 7e, Circular 2, War Department, 1945, as amended.

6. Communications of any nature, whether by personal visit, telephone, telegraph, letters or any other means, received by such persons from next of kin, or from any persons whomever they may be, interested in securing information on persons believed to be casualties, will be handled in the following manner if received prior to 45 days from the date of casualty. All such requests will be placed in writing, if originally made by any other means. All such communications with envelopes, etc., together with any reply the person receiving such communications desires to make, will be forwarded to: The Casualty Branch, The Adjutant General's Office, War Department, Washington 25, D. C. Anyone seeking official casualty information may be informed that such inquiry must be referred by the person receiving it to the Casualty Branch of The Adjutant General's Office which is the sole agency authorized to release official casualty information, and that further reply will be made by the Casualty Branch, A. G. O.

Dear Mrs. Brown:

This is to inform you that the remains of your loved one have been permanently interred, as recorded above, side by side with comrades who also gave their lives for their country. Customary military funeral services were conducted over the grave at the time of burial.

After the Department of the Army has completed all final interments, the cemetery will be transferred, as authorized by the Congress, to the care and supervision of the American Battle Monuments Commission. The Commission also will have the responsibility for permanent construction and beautification of the cemetery, including erection of the permanent headstone. The headstone will be inscribed with the name exactly as recorded above, the rank or rating where appropriate, organization, State, and date of death. Any inquiries relative to the type of headstone or the spelling of the name to be inscribed thereon, should be addressed to the American Battle Monuments Commission, Washington 25, D. C. Your letter should include the full name, rank, serial number, grave location, and name of the cemetery.

While interments are in progress, the cemetery will not be open to visitors. You may rest assured that this final interment was conducted with fitting dignity and solemnity and that the grave-site will be carefully and conscientiously maintained in perpetuity by the United States Government.

Sincerely yours,

H. FELDMAN

MESSAGE: Disinterment of Remains

20. Commanding Officer  
American Graves Registration Command  
European Area  
APO 607, c/o Postmaster  
New York, New York

1. Reference is made to Reports of Burial received in this office for Unknowns X-228, X-229, X-230 and X-232, U. S. Military Cemetery C. James, France.

2. It is noted that at the time of reprocessing the remains of Unknown X-232 were considered the recoverable remains of three persons, however, in view of the fact that Unknowns X-228, 229 and 230 have been tentatively identified and every member of the two plane crews involved have been accounted for with the exception of two, it is the opinion of this office that Unknown X-232 is the remains of these two individuals instead of three; the height of one is 5'6" and the other 5'1".

3. In view of the above findings, it is requested that these remains be again disinterred in the presence of a ~~qualified~~ medical officer, to determine if segregation, by size, is possible. If it is determined that there remain additional bones, the remains buried as the Unknowns listed above as well as those identified as the following should be exhumed for proper distribution thereof:

David J. Mahaney, Jr., O-60835, 2/Lt	- Clark R. Lewis, 55270798, E50.

Mrs. Irma Delle S. Brown  
1003 North Cedar Street  
Glendale, California

Dear Mrs. Brown:

I am writing to you in reference to your husband who gave his life in the service of his Country during the European conflict.

In an effort to furnish the next of kin with all available details concerning casualties among our personnel, the Army Air Forces recently completed the translation of several volumes of captured German records.

In regard to your husband, Second Lieutenant Vern C. Brown, these records indicate that he was killed in action 19 June 1944, when his B-24 bomber crashed at Caudon, which is five miles north of Lorient, France. These records further state that he was interred in the fourth row of the cemetery of Guidel, which is located seven miles northwest of Lorient.

The Quartermaster General in his capacity as Chief, American Graves Registration Service, is charged with the responsibility of notifying the legal next of kin concerning grave locations of members of the military forces who are killed or die outside the continental limits of the United States. If the report of your husband's burial has not been confirmed and you have not been notified by the Quartermaster General, that official will furnish you definite information immediately upon receipt of the official report of interment from the Commanding General of the Theater concerned.

May the knowledge of your husband's valuable contribution to our cause sustain you in your bereavement.

Very sincerely,

LEON W. JOHNSON

THE QUARTERMASTER GENERAL  
Attention: Memorial Division

16 March 1946

Mrs. Irma Delle S. Brown  
1003 North Cedar Street  
Glendale 7, California

Dear Mrs. Brown:

Your letter concerning your husband, the late Second Lieutenant Vern C. Brown, has been received in this office.

The official Report of Burial discloses that the remains of your husband were interred in Plot P, Row 9, Grave 214, in the United States Military Cemetery, St. James, France, located approximately twelve miles south of Avranches and fifteen miles north and slightly west of Fougères, both in France.

The War Department anticipates that, in the near future, authority will be granted to return at Government expense, the remains of those who died overseas to a final resting place as selected by the next of kin.

When the necessary legislation authorizing this Repatriation Program receives Congressional approval and other required arrangements have been made, a poll letter, with a return form and an information pamphlet attached, will be sent to the next of kin of each deceased serviceman whose remains lie overseas and for whom verified burial information has been received.

Since the problem itself, and the planning and arrangements therefor, are world-wide in scope, the date when the poll letter can be mailed and the date when the answers will be received and can be acted upon is necessarily uncertain. It should be realized, however, that the next of kin will be notified without action on their part as soon as the necessary preliminaries have been completed. You may rest assured that this office fully appreciates your desires in this matter and will do everything in its power to fulfill them at the earliest possible date.

This office regrets, sincerely, the delay in answering your letter and wishes to extend its deepest sympathy in the loss of your husband.

FOR THE QUARTERMASTER GENERAL:

Sincerely yours,

WILLIAM B. CHRISTENSEN

Assistant

Dear Mrs. Brown:

The Army Effects Bureau has received some personal property of your husband, Second Lieutenant Vern C. Brown, consisting of certain funds.

It is our desire that some close relative keep this property pending return of the owner or change in his status. If you have any letter or other written instrument from your husband, indicating with whom he wants his belongings stored, please forward such paper to me. After examination, it will be returned promptly.

It will be appreciated if you also will kindly furnish the following information, and any other which you may consider important:

1. What are the names and addresses of his parents?
2. What is the name, address and relationship of the person with whom you believe he would want his property stored?
3. Would you personally be willing to receive, receipt for, and safely keep his property as gratuitous bailee?
4. If the property is delivered to you, will you agree to return it to him, his personal representative, or the Army Effects Bureau upon request?

Please be assured that this letter is in no way intended as a casualty message. Its sole purpose is to acquire information that will enable us to make proper disposal of the property now in our custody.

If you so desire, you may use the reverse side of this letter for your reply. For your convenience there is inclosed an addressed envelope which needs no postage.

Although I have no written statement from my husband to this effect, I am sure that he would want his belongings to be stored with me. His mother is Mrs. Helen H. Brown of the same address. I am most willing to receive, receipt for, and guarantee the safety of his property. I will agree to return it to him or the Army Effects Bureau at his request.

Your letter states that the property consists of "certain funds". I know that besides his wallet, his camera was also sent him separate from his other belongings. Is there any way this can be traced? And what might have become of all his clothes and other belongings? His foot locker he had never received in England. Will this and the things he had with him eventually be returned to me, or is there some procedure I can follow to obtain them? I will appreciate an answer to these questions that have puzzled me.

yours truly,

Ima Belle S. Brown
